

Congratulation!

to Dr. Ausana Mapook

Congratulations on your new job at the Center of Excellence
in Fungal Research, Mae Fah Luang University

Dr. Ausana graduated Ph.D. Biosciences from Mae Fah Luang University with a scholarship supported by Research and Researchers for Industry Program (RRI), Thailand and the German Academic Exchange Service (DAAD) for a joint TRF-DAAD (PPP 2017-2018) academic exchange grant.

- Areas of expertise are mainly the relevant study of Mycology such as Taxonomy and phylogeny of fungi, Fungal ecology, fungal evolution, and discovery of bioactive compounds from fungi for further utilization.
- Currently carrying out research in Taxonomy, phylogeny and bioactive compounds discovery from fungi.
- Research interests focus on biological properties of fungi for further utilization.
